Workday Impact Analysis Accelerator
Expediting analysis through automation

Struggling to analyze the impact of changes to your Workday solution?

Challenged to find the time and resources for this overwhelming task?

Look no further… Digital Cues has the proven automation you need.

Workday is a powerful solution integral to your HCM processes. But let's face it, due to the overall size and complexity of Workday, ongoing changes often result in a significant demand on the time and resources needed for review and analysis, even for the smallest of changes. With Digital Cues' Accelerator, you will expedite the process, resulting in substantial time and cost savings.

Benefits

- ◆ **Diagnostic:** perform an analysis prior to implementation of changes

- ◆ **Preparation:** enables proper planning for internal resources

- ◆ **Comprehensive:** safeguards against missing any key integrations

- ◆ **Time and cost savings:** reduce impact analysis time up to 80%

- ◆ **Solution optimization:** instant, ongoing ability to assess inventory

- ◆ **Continual improvement**: automatically receive ongoing Accelerator releases

---

Workday Impact Analysis Accelerator

Automatically analyze critical objects based on selected foundational areas such as integrations, reports, business processes and conditional rules before changes are made.

The Result

A comprehensive dashboard that provides summary information on impacted integration and functional areas, along with a detailed analysis report pinpointing the impacted areas. Your team's time is significantly reduced, allowing resources to implement changes faster and move onto other critical tasks.

How It Works

Starting with a discovery session, Digital Cues subject matter experts will meet with you to demonstrate the power of the Accelerator and address your questions. If you'd like to try before you commit, you can purchase a 30-day no obligation trial period, during which time you can experience the benefits firsthand. Post deployment you will be partnered with a dedicated Customer Success Manager to support you and keep you up-to-date on new releases. Contact us to schedule your discovery session to see how the Workday Impact Analysis Accelerator will help you.
